Tree and Plant Appraisal

#

Primary Clients: Insurance Companies, Attorneys, Property Owners

Tree Associates provides plant appraisals to assist insurance companies, attorneys and property owners in settling claims or disputes. We follow the Council of Tree and Landscape Appraisers Guide for Plant Appraisal utilizing our sound knowledge of plants, our professional judgment, and standards of professional practice. The process involves obtaining background information, performing detailed tree and site examination(s), selecting the appropriate appraisal methodology, and preparing concise and defensible appraisal reports.
